

INTRODUCTION

Ante Casino is a revolutionary online gaming platform that combines the security and confidence of blockchain with the true randomization provided by Chainlink's Verifiable Random Function (VRF). Our ecosystem is built on unique smart contracts, ensuring a secure, transparent, and provably fair gaming experience for our users. This whitepaper provides a comprehensive overview of Ante Casino, highlighting its core features, tokenomics, and the integration of Chainlink VRF to deliver unmatched trust and fairness.

In the rapidly evolving world of online gaming, trust and transparency are paramount. Ante Casino aims to address these concerns by harnessing the potential of blockchain technology and Chainlink's Verifiable Random Function (VRF). Through the implementation of smart contracts and provably fair randomization, our platform ensures not only an exciting gaming experience but also complete transparency, security, and integrity. This whitepaper offers a detailed insight into Ante Casino, illustrating the interconnected components that form our unique and reliable gaming ecosystem.

THE \$CHANCE TOKEN AND IN-HOUSE LOTTERY

At the heart of our platform lies the \$CHANCE token, the primary currency for Ante Casino's in-house lottery. Each transaction involving \$CHANCE tokens accumulates a 2.5% buy and sell tax, which is directed towards operating a transparent lottery fund. To guarantee the validity of winners and prevent any malicious activities, Chainlink's verifiable random function (VRF) is employed. Holders of \$CHANCE tokens can stake them and receive \$RAISE tokens in a 1:1 ratio, significantly increasing their chances of winning the prize pool.

\$TREAK TOKEN AND TAKING MECHANISM

By staking \$RAISE tokens, users can earn the \$STREAK token. This token provides holders with a higher allocation of jackpot entries and serves as a currency within the Ante Casino gaming platform. Furthermore, users have the option to lock their \$RAISE tokens for varying time frames, enabling them to receive proportional Annual Percentage Yields (APYs) based on the lock time frame, total locked value, and prevailing market conditions.

CASINO REVENUE SHARE PROGRAM

Holders of \$RAISE tokens and ANTE NFT will be eligible for casino revenue sharing. Casino profits will be redistributed to eligible holders on a weekly basis.

LOTTERY MECHANICS

Ante Casino's lottery operates through a ticket accumulation process during randomly selected lottery periods. This mechanism allows the jackpot pool to grow progressively. Upon the expiration of the jackpot timer, the Chainlink contract initiates the randomization of qualified entries and automatically airdrops the prize pool to the selected wallet address. This ensures a fair and impartial distribution of rewards.

HOW CHAINLINK VRF WORKS IN ANTE CASINO

Ante Casino seamlessly integrates Chainlink VRF into its gaming platform to ensure provably fair randomization. The process involves the following steps:

- 🎯 When a gaming event is triggered, Ante Casino's smart contract requests a random number from Chainlink VRF.
- 🎯 Chainlink VRF generates and securely delivers a random number to the smart contract.
- 🎯 The smart contract utilizes the random number to determine the outcome of the gaming event.
- 🎯 The result is recorded on the blockchain and made available for public verification.

ACCUMULATING ENTRIES FOR THE PRIZE POOL

Participating players can accumulate entries for the prize pool through multiple methods:

- 🎯 Holding 50,000 \$CHANCE tokens in a wallet address grants 10 entries for each lottery.
- 🎯 Holding 50,000 \$RAISE tokens in a wallet address grants 20 entries for each lottery.
- 🎯 Holding 50,000 \$STREAK tokens in a wallet address grants 25 entries for each lottery.
- 🎯 Owning an Ante Casino NFT provides 30 entries per NFT for each lottery.
- 🎯 Purchasing tokens during the active accumulation phase grants 1 entry per 1,000 tokens acquired.

These values are subject to change based on Market Cap, Volume, and other factors to maintain equitable opportunities for our community.

UPCOMING ANTE NFT COLLECTION

Ante Casino is excited to announce the upcoming launch of the Ante NFT Collection. These unique and limited-edition NFTs will be available for purchase and ownership by our community members. Each NFT will provide exclusive benefits, such as increased entries to the prize pool, access to special events, or unique in-game assets. The Ante NFT Collection further enhances the gaming experience at Ante Casino.

DECENTRALIZED

GAMING HUB

Ante Casino's overarching vision is to evolve into a fully decentralized gaming hub. Our ongoing software development aims to launch a series of games where users can wager cryptocurrencies to grow their holdings through verifiably fair odds. By eliminating strategic algorithms and leveraging Chainlink VRF, we ensure complete transparency and fairness within the gaming space.

TOKENOMICS

Total Supply: **100,000,000 tokens**

Pinksale: **45,000,000 tokens**

LP: **18,000,000 tokens**

Exchange Listings: **15,000,000 tokens**

Ante Casino Float: **15,000,000 tokens**

Partners: **12,000,000 tokens**

ROAD MAP

2023

Q2

- Casino Branding and Concept (Complete)
- Casino Backend Coding (Complete)
- Develop \$Chance Token Contract (Complete)
- Develop \$Raise and \$Streak Staking Contracts (Complete)

2023

Q3

- Develop \$Chance Chainlink VRF Contract (Complete)
- Develop Casino Chainlink VRF Contracts (Complete)
- Casino UI Design (Complete)
- Eco-System Audit (Complete)
- Launch social media and Website (Complete)
- Pre-launch Marketing
- Contract Deployment
- Fair Launch via Pinksale
- Launch Ante Casino Platform
- Mint Ante Casino NFT Collection
- Complete the First Lottery Cycle

2023

Q4

- Casino Branding and Concept (Complete)
- Casino Backend Coding (Complete)
- Develop \$Chance Token Contract (Complete)
- Develop \$Raise and \$Streak Staking Contracts (Complete)

PINKSALE

To cater to early investors, Ante Casino will conduct an open-ended pink sale. Fifty percent of the funds raised will be added to the liquidity pool (LP) at launch, providing a guaranteed 25% return when trading commences. The remaining funds will be allocated to advancing our in-house gaming software, marketing initiatives, and securing qualified exchange listings.

CONCLUSION

Ante Casino pioneers the fusion of online gaming with the security and transparency of blockchain technology. By integrating unique smart contracts, we deliver an immersive and trustworthy gaming experience to our users. Our ultimate goal is to transform into a fully decentralized gaming hub, empowering our community with transparent and unbiased games. Join us as we redefine the future of online gaming with Ante Casino.
